# INTRODUCTION

The *Statistical Report of Kentucky Public Libraries, Fiscal Year 2020-2021* contains information taken from the Annual Report of Public Libraries.

## Reporting Library Information in the Time of COVID-19

The Statistical Report is changed this year.

Three sections are no longer included -- selected statistics, special statistics, and the top ten pages ranking libraries by values, per capita calculations, or other service measures. The significance of ranking libraries this year is diminished due to the wide range of weeks open and services offered as libraries reacted to the pandemic. These ranks are more likely to reflect closures or limited occupancy than be a basis for good comparison.

Four items are added to the report this year:

- #83 -- Live Virtual Program Sessions
- #84 -- Live Virtual Program Attendance
- #85 -- Number of Recorded Program Presentations
- #86 -- Views of Recorded Program Presentations (within 7 days)

Editor's note – This publication marks the thirty-second and final Statistical Report that I have worked on. I retire in early 2023. My hope is that I have provided a useful, easy to navigate collection of library information. Great thanks to co-workers at KDLA and librarians throughout Kentucky for your suggestions to make this a better report. I hope that I have been successful.

Please forward your comments or ideas for making the *Statistical Report* a more user-friendly tool. I can also forward the data spreadsheet upon request. Address e-mail to [jay.bank@ky.gov](mailto:jay.bank@ky.gov) or send correspondence to:
