Detective Alex Cross and Bree's wedding plans are put on hold when Alex is called to the scene of the perfectly executed assassination of two of Washington D.C.'s most corrupt: a dirty Congressman and a scheming lobbyist. Next, the elusive marksman begins picking off other crooked politicians, sparking a blaze of theories—is the marksman a hero or a vigilante? The case explodes and FBI agent Max Siegel battles Alex for

Summary: Extraction of coal through mountaintop removal **mining** (MTR) alters many dimensions of the landscape. Explosive blasts, exposed rock, and coal washing have the potential to pollute air and water. Previous research suggests that infants born to mothers living in areas with MTR have a higher prevalence of birth defects. In this cross-sectional study, we further examine the
