

# How to Access the Simplified Signs Course

1. Go to [hdilearning.org](https://www.hdilearning.org)

2. Scroll down to the Communication/AAC tile and click on it

3. You will see this icon

#### SL 101: Simplified Signs for Adults with Spoken Language Concerns

##### Spoken Language Concerns

Course Description: Signing can be a vital means of communication for individuals with impairments or communication issues as an adult. Simplified Signs is not the same as American Sign Language; it is a system of manual sign communication for populations who have had limited success mastering spoken or full sign language. Throughout this course, we will review the reasons individuals could benefit from simplified signs, ways to implement simplified signs, and the opportunity to practice using simplified signs. Please note there are several reflection points throughout the course including a final reflection scenario that will be reviewed by the course facilitator. This assignment must be reviewed and completed satisfactorily prior to the course being complete and accessing a certificate of completion. Thanks to a generous donation from the family of John Bonwillian, this course is free for a limited time.
