About the Kits

The State Library offers numerous adult and youth book discussion kits, as well as programming kits, in a variety of genres and themes.

Book discussion kits include copies of the book (up to 15 for adult kits and 20 for youth), an audiobook when available, and a discussion guide. Some youth book kits also include a large print and/or Spanish copy of the title.

Programming kits encourage kids and adults to explore, create, and learn at the library and at home. These kits contain many developmentally appropriate materials—books, CDs, DVDs, electronic games or toys, and more. For more specific information on these kits, please visit [Programming Kits](#).

KDLA Youth Resources @ Your Public Library

[KDLA Youth Resources Flyer](#) (PDF)

Please feel free to share this flyer with schools and other interested groups in your community. The flyer explains about our youth book discussion and programming kits, how to request them, and how to find lists of titles available for scheduling. We are eager to increase circulation of these valuable resources and hope they will provide your library with an additional way to partner with schools and other groups in your area.

STEAM Kits

Public library and school staff can use our STEAM based thematic kits to assist in the planning of storytimes, lesson plans, and other programming; incorporating developmentally appropriate encounters involving S.T.E.A.M. concepts – Science, Technology, Engineering, Art, and Math – into everyday experiences. Public libraries can make the request directly from KDLA; schools need to request the kits through their public library.

Through these fun, educational materials – books, manipulatives, resources guides, games and toys – children and youth will be encouraged to explore, create, and share to develop critical thinking and problem solving skills – keys to lifelong learning success.

Thematic Kits

Important Scheduling Information

- All kits must be reserved by a local Kentucky public library staff member.
- Allow at least two weeks for delivery.
- The date you select is the ship date, so choose a "reserve" date at least two weeks prior to the date you need the kit.

Creating Reservations in myTurn

1. Log in via the link in the upper right corner using your library's assigned user name and password. Please email kdlareferencedesk@ky.gov for questions regarding login information.
2. Click on the "Catalog" link above to begin your search.
3. There are three ways to search or browse for a kit:
 - You may do a title, author, or keyword search using the "Search Inventory" box in the upper right corner. Type in your search term and then hit enter.
 - If you would like to browse for a kit based on your interests, you can use the limiters on the left-hand side to narrow your choices. For example, you can choose "Large Print," and "Historical Fiction," to see kits that fit those parameters.
 - If you want to see all of the kits that are available during a desired reservation period, you may click on the cart icon in the upper right corner and then "Reserve Items." The shipping location defaults to Main Location in the drop down menu. Do not change this. Select your date and then click "Add Items." You should then see all of the kits available during that period.
4. Once you have chosen a kit, click on "Check Availability" to see if it fits your desired reservation period. White days are available, grey days are buffers, and blue days are already reserved.
5. Click on "Reserve" and then (if you have not already done so) choose your reservation dates. It will automatically choose a 9-week reservation. If a longer period of time is need, please contact kdlareferencedesk@ky.gov. **Remember - your "reserve" date should be two weeks prior to the date you need the kit at your library.** Then click "Add Items."
6. Move your cursor over the cart icon in the upper right corner and then click "Cart."
7. Check to make sure your dates, location, and title are correct.

KDLA Book Discussion & Programming Kits - General Information

About the Kits

The State Library offers numerous adult and youth book discussion kits, as well as programming kits, in a variety of genres and themes.

Book discussion kits include copies of the book (up to 15 for adult kits and 20 for youth), an audiobook when available, and a discussion guide. Some youth book kits also include a large print and/or Spanish copy of the title.

Programming kits encourage kids and adults to explore, create, and learn at the library and at home. These kits contain many developmentally appropriate materials—books, CDs, DVDs, electronics, games or toys, and resource guides. For more specific information on these kits, please visit [Programming Kits](#).

Who can reserve a kit?

Anyone residing in Kentucky can make use of our kits, including schoolteachers, school librarians, homeschooling parents, and community book clubs. **However, all kits must be reserved by a local Kentucky public library staff member.** If you need help determining who to contact at your local public library, please email kdlareferencedesk@ky.gov.

When will I get my kit?

When scheduling, please allow at least two weeks for delivery. Choose a "reserve" date two weeks prior to the date you need the kit. If you don't receive your kit on time, please contact us ASAP at kdlareferencedesk@ky.gov so that we can make other arrangements.

How long can I keep my kit?

Kits check out for a nine-week period from shipping date to due date. If you need longer than the standard check out period, or need an extension on the due date, please contact kdlareferencedesk@ky.gov.

What happens if items are lost or damaged?

Kits are treated as interlibrary loans and are subject to fees for lost or damaged items depending on the situation. Any items declared lost but later returned will have the charges reversed. Youth book discussion kits will not be subject to charges for lost or damaged items unless the total cost exceeds \$100.00. Please contact Deborah Hibbard at kdlareferencedesk@ky.gov for more information.
