

### Website Development Grant

The Kentucky Department for Libraries and Archives (KDLA) Website Development Grant is designed to support libraries that either 1) lack a website or 2) have outdated websites that require redesign. The grant focus is to improve library accessibility that keeps pace with evolving technologies to better serve all Kentuckians.

### Information Sheet Purpose

The purpose of this information sheet is to provide Kentucky Library Directors

- 1) a list of talking points to use while navigating through conversations on website requirements and options, and
- 2) a comprehensive listing of website vendors utilized by peers.

### Talking Points

#### Website Development Guidelines Page 3: Required Website Components

- **Responsive Universal Design:** The website should be accessible and functional on all devices (desktops, tablets, smartphones, etc.).
- **Easy Navigation:** The website should have clear and intuitive menus, with well-organized content.
- **Accessibility Compliance:** Adhere to [ADA 2024 Web Accessibility](#) requirements and be [WCAG 2.0](#) compliant with conformance to [WCAG 3.0](#) guidelines to ensure the site is usable by people with disabilities (e.g. screen reader compatibility, keyboard navigation, alt text for images, etc.).
- **Searchable Catalog:** Integration of the library's catalog system into the website, allowing patrons to search for and reserve books, media, and other materials online OR provide a link to the catalog system that is easily identified and accessible.
- **Remote Access.** Provide remote access to electronic resources and databases, including the KYVL database.
- **Account Management:** Provide a secure login area where patrons can manage their accounts, renew items, check due dates, and view borrowing history.
- **Library Information:** Provide information regarding library programs and services, policies, hours of operation, etc.
- **Community Engagement and Communication:** Provide links to the library's social media profiles, with social media feeds embedded if possible.
- **Privacy and Security:** Patron data is protected through secure login procedures and encrypted transactions.
- **Search Engine Optimization:** Utilize SEO 2024-2025 best practices to leverage content for increased website traffic and on-page searchability.
- **Analytics and Reporting:** The website will include or be compatible with analytic capability and reporting tools to monitor performance and traffic.

#### **Point 1: Kentucky Public Library Standards 6<sup>th</sup> Edition** requires specific website elements

Source <https://kpla.org/wp-content/uploads/2019/10/Standards-6th-edition-2016-2017-final.pdf>

- 1.5 The Board has written policies to govern Board and Library operations (Library Information)
3. Collections
4. Services
6. Technology
7. Marketing/Public Relations

#### **Point 2:** Meeting Expectations through Exemplary level: Essential level ~ Enhanced level ~ Exemplary level

#### **Point 3: Accessibility Compliance:** Attention on both Guidelines and Success Criteria provided

2023 Web Content Accessibility Guidelines 2.2 Published 13 Guidelines Source <https://www.w3.org/TR/WCAG22/>

WCAG 3.0 is In Process for 2025-2026 Source <https://www.w3.org/WAI/standards-guidelines/wcag/wcag3-intro/>

## Website Development Guidelines Page 4: Eligible Expenses

- ★ Initial website consultation and planning services,
- ★ Website design services including custom design or using templates
- ★ Front-end development to code visual elements using HTML, CSS, JavaScript etc.
- ★ Back-end development – Integration of content management systems like WordPress, Joomla, or custom-built solutions
- ★ Web hosting costs, subscriptions, and licenses that occur within the grant period,
- ★ Hardware, software, or technology necessary to support the project,
- ★ Staff training on how to develop, manage or maintain the website,
- ★ Content updates that occur within the grant timeline,
- ★ Technical maintenance that occurs within the timeline such as security updates or bug fixes,
- ★ Implementation of security measures like SSL certificates, firewalls, or malware protection,
- ★ Setting up and maintaining analytics tools like Google Analytics

**Point 1:** Material items costing over \$5,000 are classified as equipment and **require prior KDLA/IMLS approval**

**Point 2:** Expenses must be compliant with the **Electronic Code of Federal Regulations**

Part 200 - Uniform Administration Requirements, Cost Principles, and Audit Requirements for Federal Awards  
Additionally, costs must be reasonable and not specifically disallowed by State or local laws or regulations  
Source <https://www.ecfr.gov/current/title-2/subtitle-A/chapter-II/part-200>

## Website Development Guidelines Pages 4-5: Ineligible Expenses

- ◆ Construction, renovation, or repair, including fixtures and services,
- ◆ General operating costs (rent, utilities, insurance, etc.),
- ◆ Regular salaries, wages, or benefits for existing employees,
- ◆ Equipment or technology not specifically needed to carry out the goals of the grants,
- ◆ Entertainment, ceremonies, receptions, or social events,
- ◆ Meals or refreshments (there may be exceptions for working lunches, or learning events, workshops, conferences, classes - where it is difficult for attendees to obtain meals locally),
- ◆ Fundraising (includes financial campaigns, endowment drives, solicitation of gifts and bequests, and similar expenses),
- ◆ Lobbying or political advocacy (includes writing ballot measures and filing election paperwork),
- ◆ Awards, honoraria, prizes, or incentives (unless the item has no intrinsic value, e.g. a certificate),
- ◆ Promotional items, including gifts and souvenirs,
- ◆ Transportation costs for participants or non-grant funded personal travel,
- ◆ Communicating with the public about the library in general,
- ◆ Overlapping project costs with any other pending or approved application(s) for federal funding and/or approved federal awards,
- ◆ Project costs and obligations incurred before or beyond the grant period, including subscription costs.

## Website Development Timeline

January 6, 2025            Grant Awards Announced. Website Development Projects may begin.

August 31, 2025        Final Report with All Receipts due to Kentucky Department for Libraries and Archives

**Website Design and Management Vendor Survey Results:** Each table is a Vendor and in alphabetical order.

Vendor Name	Vendor Services Provided	X=Yes
Arterburn	Custom Website Design – unique user interface tailored to your library	X
