## KDLA Job List

KDLA offers a free job posting service to all of Kentucky's public libraries through the KDLA website. This service is a valuable resource that can help you find the best candidates for your library, broadening your pool of applicants. Vacant positions advertised on the KDLA Job List are seen by qualified candidates state-wide and beyond, ensuring a wide reach for your job postings. The links on the KDLA Job List can take interested candidates straight to the employment section of your library's website, where they can find out essential information about the role and your library.

Any library, archival, or records management position, whether full-time, part-time, or temporary/seasonal, can be shared. Libraries can submit their open library jobs for the list by filling out [a short form on KDLA's website](#).
