Detective Alex Cross and Bree's wedding plans are put on hold when Alex is called to the scene of the perfectly executed assassination of two of Washington D.C.'s most corrupt: a dirty Congressman and a scheming lobbyist. Next, the elusive marksman begins picking off other crooked politicians, sparking a blaze of theories—is the marksman a hero or a vigilante? The case explodes and FBI agent Max Siegel battles Alex for

Summary: The last known red wolves were captured in southwestern Louisiana and eastern Texas in 1980 to establish a captive breeding population. Before their extirpation, gene flow with **coyotes** resulted in the persistence of endangered red wolf genetic variation in local **coyote** populations. We assessed genomic ancestry and morphology of **coyotes** in southwestern Louisiana. We
