Codification services are overseen by our Law Department consisting of Kentucky Licensed Attorneys. Your codification project will include one of our attorneys researching and reviewing your local ordinances. Check your ordinances against Kentucky Statutes and federal law based on the ordinances provided to Publisher for review. We will work closely with you in creating a code of ordinances that fits the needs of the County and satisfies the requirements of KRS 83A.060 which require ordinances to be codified or compiled and periodically reviewed for consistency with state law.

We will also supply you with a number of model ordinances to cover topics where you may not have an ordinance, or where the ordinance you do have, might be old or outdated. We ask for you to provide areas of concern with your ordinances before we begin the project. We are the only code company that uses comprehensive model ordinances that have been drafted specifically for use by Kentucky counties.

Your code of ordinances will be updated according to subject matter, indexed, and cross-referenced so that all of the general and permanent laws of your County will be in one easy-to-use book.

We certainly hope you choose American Legal with our Kentucky Licensed Attorneys on staff and our yearly check of statute changes of the Kentucky Revised Code that are in your code. Please explain your preference on your application form or in a cover letter.

If you have additional questions about any part of the project, please contact me at your earliest convenience. We are looking forward to working with you on this most important project.

Sincerely,

Richard C. Frommeyer

Scope of Services

I. THE PUBLISHER SHALL:

- (1) Examine the County's prior code of ordinances (if any), and all ordinances or resolutions provided by the County and determine which materials are to be codified.
- (2) Utilize its staff of attorneys to review all materials to be codified and prepare a written report for the County attorney.
 - (a) The report may include notice of and suggestions for resolving the following:
 - Apparent conflicts with referenced state and federal statutes and administrative regulations;
 - Repealed, renumbered, or obsolete state and federal statutes and administrative regulations;
 - Apparent conflicts with prominent federal case law; and Internal discrepancies such as duplications, ambiguities, and obsolete terminology.
 - (b) Suggest new provisions which the County should consider including in the new code, and delete old provisions which are no longer necessary or which might be improper or unlawful.
 - (c) The review will not involve re-drafting of entire chapters by the Publisher or rewriting or creating ordinances for the municipality. However, the Publisher will provide model ordinances to the County upon request if available.

(d) At the option of the County, hold a manuscript conference with County representatives to review the report. The County will not be billed for time of the American Legal staff attorney if it chooses this option, but will be billed for travel expenses.

Note: The review performed by the Publisher should not be considered as a substitute for the competent advice of your County Attorney, especially based on his/her in-depth knowledge of the County practices and procedures, and American Legal Publishing is in no way assuming the role of attorney for the County. Land Use sections of the code are especially specific to the locality and are thus only subject to cursory review and comparison with the rest of the code. (A sample Report is attached to indicate the type of comments that are likely to be contained in the report for County of Crittenden.)

- (3) Classify all ordinances and resolutions which are of a general and permanent nature into titles, chapters, and sections, according to subject matter.
- (4) Make changes to effect uniformity of style and to correct typographical and spelling errors, grammar, and usage. Substantive changes shall not be made in the wording of the ordinances. Suggestions for additions or changes in the ordinances will be submitted to the County Attorney.
- (5) Prepare:
 - (a) Title, chapter, and section headings.
 - (b) A table of contents and sectional analysis for each chapter.
 - (c) A legislative history for each section, citing the ordinance number and date of passage, as indicated on copies of ordinances supplied to the Publisher.
 - (d) Statutory cross-references to sections of the state statutes and to other pertinent parts of the Code where applicable. These references shall appear at the end of the section to which they apply.
 - (e) Tables of Special Ordinances listing chronologically those ordinances in certain subject areas that the County finds to be pertinent.
 - (f) Parallel Reference Tables showing:
 1. The disposition of ordinances (in numeric sequence) included in the codification (Ordinance to Code).
 2. A listing of code sections based on state statutes (Statute to Code).
 3. A listing of prior code sections incorporated into the new code if applicable (Old Code to New Code).
 - (g) An index (which will be created after the first draft of the Code is submitted).
- (6) Provide the County with model or sample ordinances when available and upon request, at no additional charge.
- (7) Deliver to the County, within 6 months from receipt of the materials deemed necessary by the Publisher

to begin the codification (prior code, ordinances and new code questionnaire), one copy of a draft of the Code for the County's examination.

- (8) Deliver to the County within 8 months from receipt of the materials deemed necessary by the Publisher to begin the codification, one copy of a legal review and research report.
- (9) If necessary, hold a conference to make final corrections, additions, and deletions to the Code. The County will be billed for the travel expenses of the American Legal staff attorney. The County may present changes to pages of the draft at the conference. After the final conference, no additional changes are to be made. Any further changes, additions, or deletions shall be made in the future supplements to the Code at \$19.00 per page, which is not covered in the grant. When the draft, and any changes thereto made by the County, is returned to the Publisher, such return of the draft shall be deemed final authorization by the County to publish the Code as returned. If additional conferences are requested by the County which require the travel of a member of the staff of the Publisher, then the County shall be advised what the additional cost, if any, for such conference will be.
- (10) Deliver to the County, within 3 months of receipt of the corrected draft, 5 printed copies of the Code meeting the following specifications:
 - (a) Type to be single or dual column, at the option of the County
 - (b) Page size to be 8½" x 11"
 - (c) Printed on high quality paper
 - (d) All copies to be in hard-covered, 3-ring, loose leaf binders. All binders shall have the County's name stamped in gold and shall contain divider tabs.
- (11) Provide a sample adopting ordinance to the County.

II. THE COUNTY SHALL:

- (1) The County will provide clear copies of all materials necessary to perform the codification, including an up to date copy of any previously published code of ordinances, copies of ordinances and pertinent resolutions not previously codified, and a completed New Code Questionnaire (provided by the Publisher). (If the County provides meeting minutes to the Publisher to review for legislation contained therein rather than actual ordinances or resolutions, there will be an additional charge of \$45.00 an hour to extract ordinances or resolutions from the minutes for use in the new code.)
- (2) After receipt of the draft of the code and legal report described in paragraph I (2), the County shall have **60 days** to review the draft and report and to return to the Publisher its comments about the draft and its answers to the legal report. In the alternative, if the County opts for the legal conference described in paragraph I (9), it must contact the Publisher within 60 days to set up a meeting date. The meeting, itself, need not occur within the same 60 day period. If the County fails to either return its comments and answers to the legal report within 60 days or, if applicable, to set up a meeting date, the County may request that the Publisher extend the deadline in writing.
- (3) The Publisher agrees to include in the final version of the Code all ordinances adopted by the County

up to the time the manuscript is originally due back to the Publisher under the provisions of (2) above. The County agrees that any ordinances adopted after this date shall be included at the Publishers' supplement rates of \$19.00 per page at the time of the inclusion of these ordinances into the code.

- (4) (a) Pay to the Publisher for shipping of the final code order as a final price, the sum of \$11,000.00 for its services set out in Section I.

Codification

During the codification process, the attorney assigned to your project will organize and examine all ordinances and code-related material in order to produce a code of ordinances that is free from conflicts and inconsistencies and conforms to state statutes. Your codification attorney will be available to consult with you and your staff at any time during the codification process. This personal dialogue ensures that your code will accurately reflect the intent of your ordinances and the unique needs of your community. The complete process is outlined below, followed by the scope of services for supplementation and online hosting of your new code.

Codification Process

1. **Ordinances** – Only legislation of a general and permanent nature, passed in final form by you, as set forth in this proposal, will be included in the code. All material that we receive will be acknowledged via e-mail to establish a record of included ordinances. Legislation not of a general and permanent nature is not included as part of the code and does not need to be provided to us. Notations can be added in the code to reference legislation adopted by reference, if elected.
2. **Attorney Analysis and Review of Material** – Your codification attorney, along with their team of legal editors, proofreaders, and indexers will be assigned to this project. Our legal team will research legislation permanent in nature submitted by you to ensure conformity with state statutes and to determine if there are any inconsistencies or conflicts within the legislation itself. If requested, we will suggest a structure and organization for the code and provide a table of contents indicating the recommended structure.
3. **Page Format Options** – Based on our experience codifying legislation for thousands of customers, we have devised a standard style that has proven time and again to provide the most user-friendly and readable code for staff and residents alike. We will provide our Style Guide which outlines this effective style and layout. Any deviations from this style will add time and cost to your project. Please reach out for additional information.
4. **References** – We will provide state statutes references within the code. Editorial notes will be provided as appropriate. Internal cross references within the code will be hyperlinked in the online version.
5. **Legal Memorandum** – We will provide you with a user-friendly Legal Memorandum containing all our analyses and recommendations. This memorandum will reflect our attorney’s Legal Review and will provide you with recommendations to remove conflicts and inconsistencies; delete obsolete provisions; conform to state statutes, when appropriate; and ensure compliance with your charter (if included in the project). This approach facilitates collaboration and dissemination among departments, thus making the process as easy for you as possible.
6. **Conference** – Within 45 days of your receipt of the Legal Memorandum, we will conduct a conference via either telephone or webinar to review the Legal Memorandum and our recommendations. All interested personnel may be included, but your attorney and clerk are essential. Issues discovered during the legal research will be discussed at the conference, with the goal of the conference being to come to agreement on any required changes. Your attorney has the final decision-making authority for

resolution of issues brought up at the conference or noted in the Legal Memorandum. Up to three hours is included in the contract with additional hours available for purchase.

7. **Editing and Proofreading** – Our team will edit the text of your code to reflect proper grammar and stylistic consistency. We will not reword any provision that changes the substantive intent of the code unless you approve the revision. However, non-substantive revisions to improve readability are a part of the process. We will proofread your code. The text will be reviewed for sense and structure and to ensure the implementation of the decisions by your attorney and our attorney.
8. **Index, Graphics, and Tables** – Our team will create a hierarchical, subject matter Index (if elected) and all tables (contents, ordinance disposition, etc.) for your code as necessitated by the materials provided. We will insert the graphics you have provided into the printed and electronic versions of the code.

The following tables will be created and are included in the quoted cost: supplement history table, code comparative table, and ordinance history table. An additional hourly charge applies for creation, modification, addition, or updating of any table or schedule (including traffic and fee tables or schedule) other than those enumerated above.

Tabular matter, defined as algebraic formula, or other materials that require special programs or extra editorial time to modify and prepare for inclusion can also be reviewed and included for an additional charge.

9. **Post Conference Code Draft** – After editing and proofreading, one post-conference code draft (Proofs) incorporating solutions captured in the Legal Memorandum and agreed upon at the legal conference will be delivered to you for final review prior to printing and shipping. You will have 30 days to review and provide any needed corrections. We guarantee typographical correctness. Any errors attributable to our team will be corrected at no charge during the term of this agreement. Any new legislation adopted after the code draft is provided will be held for your first supplement unless you would like to add it to the project for an additional charge.
10. **Sample Adopting Ordinance** – Our attorney will provide a sample adopting ordinance upon completion of the codification.
11. **Printing and Binding** – We will print your new code on high quality acid-free paper, with an SFI (Sustainable Forest Initiative) certification. These copies will be housed in heavy duty, three-post leatherette binders (with four color choices), name-stamped on the front and spine of each binder. Divider tabs for each major section of the code and index (if elected) will also be provided.

Adhering to an established schedule of deadlines is critical to the success of this project and will ensure the contents of the Legal Memorandum remain current and complete at the time the code is adopted and published. Legislation added to the project must be approved and received prior to the established cutoff date.

To ensure a successful project completion, it is important that a conference is held to discuss the findings of the Legal Memorandum within 45 days of its receipt, and that the subsequent code draft we provide be returned within 30 days with any revisions noted. Following the delivery of the final code draft for customer proofing, any extensive changes requested in the code content, and/or any material added to the code that was not previously contemplated, will be subject to an additional code draft update fee. Further, if the code draft is not returned within 30 days, additional update fees may apply.

Supplementation Services

Our supplementation process has been designed for timeliness, efficiency, simplicity, and most of all, for our customers' convenience. Supplements will be provided on your chosen schedule, and you will be billed on an annual basis. Color printing and an increase in the desired number of supplement hard copies may result in an increase in the annual fee.

We pride ourselves on a turnaround time of 40 to 45 days for printed supplements and can provide our always-up-to-date electronic update services within 15 days. The online code is updated within three days after shipping the supplement; there is no additional fee for this service. Rush supplements will be assessed as an additional one-time fee. A recent analysis of our printed supplement services indicated an editorial error rate of less than 0.1 percent, which is made possible by our attention to detail, ongoing communication with our customers, and strict quality control checks to ensure we continue to produce the best printed and electronic supplements available in our industry. Any errors attributable to CivicPlus during the preparation, printing, and maintenance of the code will be corrected at no cost. The printed supplement process is outlined as follows:

Supplementation Process

- Initial Receipt** – The receipt of the new legislation will be acknowledged within 24 hours. Our production support team will record the adoption date, effective date, and ordinance number(s). You will be advised promptly if any pertinent information is missing from your submission. Your material will then be immediately forwarded to our supplement team for codification. If our OrdBank service is elected (advance legislation service), the legislation will be posted online within 48 hours as a PDF under "adopted legislation not yet codified" at this time.
- Editorial Review** – Our editorial team will review all ordinances received to determine whether the ordinance should be included in your code; where the ordinance should be placed; whether the ordinance conflicts with your existing code format; what material should be removed from your existing code; whether history notes will be added; what tables will be updated; and whether the table of contents in the front of the code and at the chapter/title level should be amended. If any significant errors or numbering issues are noted, your editor will contact you for clarification. Our editorial team will make no substantive changes to your legislation; however, minor typographical errors will be corrected as part of the supplement process. Should the editorial, legal, or proofreading team find discrepancies in your ordinances, we will communicate with you promptly.
- Indexing** – If an Index is elected, your supplement will be sent to our indexing team, where new legislation is indexed and cross-referenced in all appropriate locations.

4. **Proofreading** – The proofreader assigned to your editorial team will then examine your supplement line by line to ensure editorial accuracy, code hierarchy, and layout and confirm that your supplement is grammatically correct and free of errors in spelling and capitalization. Finally, your supplement is examined line by line again to ensure that the improvements made by the editorial team are thorough and accurate. The original ordinance is compared with the newly added text to ensure editorial accuracy.
5. **Posting the Supplement Online** – After your supplement has been completed, your online code will be updated within one to three days, and we will provide any electronic products requested. You will receive a notification that the website has been updated via email. If our CodeBank Compare + eNotify service is elected, subscribers will be notified when the online code is updated. When your code is updated, all internal cross-reference links are updated on our Online Code Hosting system.
6. **Printing and Shipping** – We will print, cut, hole-punch, insert divider tabs (if elected), and ship your supplement to you per your elected schedule.

If you utilize OrdBank and a CivicPlus Agenda and Meetings Management solution, your newly adopted legislation will be posted on the landing page of your online code of ordinances within one minute of sending said legislation to CivicPlus. The history notes throughout your code of ordinances will also be automatically linked and associated to the meeting in which your newly adopted legislation was considered. If you are interested in learning more about our CivicPlus Agenda and Meetings Management solutions, please let me know.

MuniPRO Services – MuniPRO searching allows you to search the over 4,000 codes we host (the entire country, a single state, or individually selected codes of your choosing). MuniPRO searches are ideal for researching local regulations of interest or discovering how other communities are dealing with similar issues. In addition, MuniPRO provides subscribers with the following tools:

- Multiple Code Search – Search all codes within one state, multiple codes within one state, or search all codes in the U.S. hosted by CivicPlus; search results are sorted by relevancy and indicate the source publication, showing excerpts and keyword highlighting.
- MuniPRO Saved Searches – Save frequently used or complex searches for easy retrieval from the MuniPRO Dashboard.
- MuniPRO Notes – Create a note and attach it to any section in any publication; note icons are present when viewing the section, alerting the user to a previously written note; a global listing of notes can be accessed and managed from the MuniPRO Dashboard.
- MuniPRO Drafts – Begin a new ordinance draft to keep track of pending legislation.
 - Draft icons are present when viewing the section, alerting the user to a previously created draft.
 - A global listing of drafts can also be accessed and managed from the MuniPRO Dashboard.

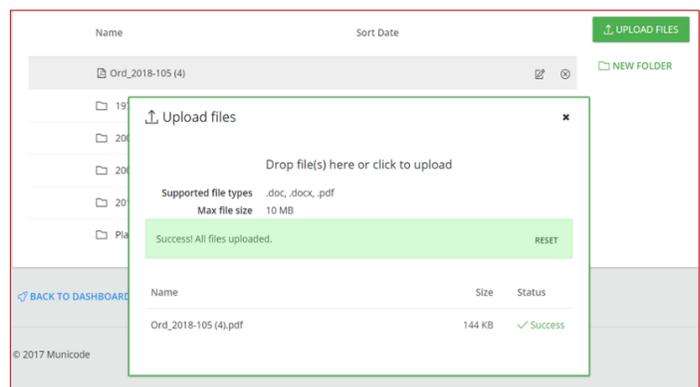

MuniDocs – MuniDocs allows you to upload many types of documents to browse and search alongside your online code and is fully searchable and filterable. After users log in, they are presented with a dashboard that allows them to upload new documents and manage previously uploaded documents. When uploaded, users can pick from a list of predefined document types.

Uploading a document is as simple as dragging and dropping the document from your computer into the upload dialog box on the admin dashboard. Uploaded documents are immediately converted to PDF and indexed for search. Users may upload .rtf, .doc, .docx, and .pdf documents and organize these documents by nested folders.

The public can then browse and search these documents immediately.

Your MuniDocs files can also serve as storage for archived ordinances within MuniDocs. Unlike our online OrdBank feature, these self-loaded archived ordinances will not be linked to the legislation within the online code.
