## Records Retention Schedule

Prepared by the Local Records Branch  
Archives and Records Management Division  
Approved by the State Libraries, Archives, and Records Commission

Kentucky Department for Libraries and Archives

## GLOSSARY OF TERMS For Records Retention Schedules

- Permanent (P)** Denotes records appraised as having historical, informational or evidential value that warrants preserving them permanently (forever) beyond the time needed for their intended administrative, legal or fiscal functions. These records may be destroyed **only** after the written permission is given by the State Archivist and after they are microfilmed according to specifications published by the Department for Libraries and Archives.
- Confidential (C)** Records deemed unavailable for review by the public after applying the state’s Open Records Law (KRS 61.878) and other state and federal statutes and regulations with specific restrictions. The (C) is added to appropriate record series descriptions as a reminder to agency personnel and does not bear any legal status. **It is important to note that the local government head has the responsibility of knowing all the appropriate confidentiality laws, statutes and regulations that apply to the records maintained in their office and to see that they are enforced.** Even though a record series may or may not be marked confidential on a records retention schedule, contradictory laws or regulations that are approved after the retention schedule has been completed may not be reflected but must be honored.
- Vital Record (V)** Records that are essential to the continued functioning of the local government during and after an emergency, as well as those records that are essential to the protection of the rights and interests of that local government and of the individuals for whose rights and interests it has a responsibility. Local Government should have a plan in place to identify those records and provide for their protection in case of a disaster (fire, flood, earthquake, etc.).
- Duplicates** Duplicate records that have not been assigned a retention period and function solely as reference and informational material may be destroyed when no longer useful. If the duplicate is considered the “copy of record”, it must be retained according to the retention period on the schedule.
- Destruction Certificate** A destruction certificate should be used to document the destruction of public records and may be found, along with the instructions at the Kentucky Department for Libraries and Archives website ([www.kdla.ky.gov](http://www.kdla.ky.gov)). It should be used when destroying records according to the appropriate records retention schedule. No record created or maintained by a local government agency may be destroyed unless it is listed on the retention schedule and a destruction certificate completed and the original copy sent to the Department for Libraries and Archives (Department).
- After Audit** A term used in the disposition instructions to denote a records series that shall only be destroyed after the retention period has expired and an official audit has been performed. Example: 3 years and audit: This means that the record series must be kept for 3 years after last activity or date in a file. The record must have gone through the annual audit before it can be destroyed.

<b>Series</b>	<b>Records Title and Description</b>	<b>Function and Use</b>
<b>L4267</b>	<b>Industrial Sites and Buildings Inventory and Demographics File</b>	This record series documents the industrial sites and buildings that are available or exist in the local agencies including counties and cities. This information is collected from the local agencies, state and federal agencies, ADD surveys, local economic development representatives, utility company, local real estate agents, chamber of commerce, local banks and manufacturers, educational institutions and public school and vocational systems. The information is used in assisting local governments in comprehensive and strategic planning, industrial marketing and development, community development needs, facility infrastructure upgrading and grant writing. Some of the information is used for trend studies, producing local brochures and industrial packets. This information is updated quarterly. Basically the ADD uses all this information to stimulate economic growth whether representing the company or the local government. In addition this information is used to coordinate with state agencies, develop financing packages and technical assistance in stimulating economic development.
	<b>Access Restrictions</b>	None
	<b>Contents</b>	This record series contains supportive demographics information, articles about community, available industrial sites, economic development booklets, community profile information, industrial site profile(including acreage, physical features, transportation access, utilities) and regional economic profile(employment information & personal income).
	<b>Retention and Disposition</b>	Retain until no longer useful, then destroy.
<b>L4268</b>	<b>Economic Development Program File</b>	This record series is used as supporting documentation in the economic development process. This includes developing financial program packages and making trend analysis. It is used as a primary reference file.
	<b>Access Restrictions</b>	None
	<b>Contents</b>	This record series contains research information, demographics, copies of grant applications, publication articles about economic development, educational material, publications, press releases and other informational material about state for prospective industries.
	<b>Retention and Disposition</b>	Retain until no longer useful, then destroy.
<b>L4269</b>	<b>Industrial Client and Prospect File</b>	This record series documents prospective industrial clients who are looking to locate and those which are already located in the ADD's area. The information in this file is collected from the industries when they are looking for a new location or when they are expanding an existing facility. This information can be quite sensitive and must be used cautiously. Much of the information is divulged by the industry to the ADD in confidence that it will not be given out to others without the industry permission. This is basically a trust issue of which the ADD is very aware of. Sensitive information may include closure information, financial information(profit and loss), expansion plans, investment plans, environmental issues, and information on other facilities existing elsewhere(Overseas). This file is used by the ADD to assist local governments in their economic development plans and also to assist the industries.
	<b>Access Restrictions</b>	KRS 61.870
	<b>Contents</b>	This record series contains correspondence, reference material from the Economic Development Cabinet, hand written notes, and financial information about certain industries.
	<b>Retention and Disposition</b>	Retain until no longer useful, then destroy.

<b>Series</b>	<b>Records Title and Description</b>	<b>Function and Use</b>
<b>L4270</b>	<b>Existing Industry File</b>	This record series is used to document the industries and companies located and doing business in the area. It is used primarily as a reference file when assisting these industries with problems such as environmental impact. Also used to document the technical assistance and industrial marketing assistance provided to the local agencies and the industries. This information is used sparingly, but becomes more important at the development stage, whether it is a new development or a change in the existing industry. Used in research if there is a new industry moving in or to assist existing industry in a new development.
	<b>Access Restrictions</b>	None
	<b>Contents</b>	This record series may contain copies of studies, directories, correspondence, and reference material about industries.
	<b>Retention and Disposition</b>	Retain until no longer useful, then destroy.
<b>L4276</b>	<b>Unsuccessful Community Development Block Grants (CDBG) Application File</b>	This series documents application for funding to complete community development projects. Application is made by cities and/or counties generally for purchase of equipment or for structural changes to buildings that will house public activities or services such as health departments, senior citizens centers, public water lines, etc. Requirements include that 51% of people using the facility be within a certain income level. These applications are sent to Dept of Local Government for acceptance. If funded, generally administered by area development districts. If administered by area development districts, this file becomes part of Community Development Block Grant Administration File. If not funded, this application can be re-submitted with alterations. This information would be used to create a new application.
	<b>Access Restrictions</b>	KRS 61.878 (Income level surveys only)
	<b>Contents</b>	May contain application, income level survey forms, working papers, engineering drawings, reports, correspondence
	<b>Retention and Disposition</b>	Retain for three (3) years, then destroy.
<b>L4277</b>	<b>Community Development Block Grant (CDBG) Administration File (V)</b>	This series documents application for funding to complete community development projects. Application is made by cities and/or counties generally for the purchase of equipment or for structural changes to buildings used to house public activities and/or services such as health departments, senior citizens centers, water lines, etc. Requirements include that 51% of the people using the facility be within a certain income level. These applications are sent to dept of Local Government for acceptance. If funded, these projects are generally administered by local area development districts. This file is used to monitor the 2 year term of the project.
	<b>Access Restrictions</b>	Business Plans, Income level survey forms
	<b>Contents</b>	May contain application, income level survey forms, working papers, engineering drawings, grant reports, financial supporting documents, correspondence
	<b>Retention and Disposition</b>	Retain for three (3) years after submission of final report and audit, then destroy.
<b>L4278</b>	<b>Criminal Justice Application File</b>	This series documents assistance by area development districts to local agencies in completing applications for funding from the Justice Cabinet. Funds may be used for temporary police hiring, equipment purchase, drug control, violence prevention, education, victims advocate programs, or spouse abuse centers. Those eligible for funds are law enforcement agencies and non-profit service agencies. Most projects are for 12 term with a 48 month maximum. Area development districts only aid in the application for funding and do not administer successful grants.
	<b>Access Restrictions</b>	None
