## Records Retention Schedule

Prepared by the State Records Branch  
Archives and Records Management Division  
Approved by the State Archives and Records Commission

This records retention schedule governs retention and disposal of records created, used and maintained by the Department of Military Affairs. **Government records in Kentucky can only be disposed of with the approval of the State Archives and Records Commission (the Commission). If records do not appear on a Commission-approved records retention schedule, agencies should not destroy those records.** This agency-specific schedule was drafted by Department of Military Affairs personnel and Archives and Records Management Division staff, and reviewed and approved by the Commission. This schedule provides the legal authority for Department of Military Affairs to destroy the records listed, after the appropriate retention periods have passed.

Department of Military Affairs personnel should use this agency-specific schedule in combination with the *General Schedule for State Agencies (General Schedule)*, also approved by the Commission. The *General Schedule* applies to records that are created, used and maintained by staff at all or most state agencies. Agency-specific retention schedules are used only by specific agencies and apply to records that are created only by a particular state agency, or to records that a state agency is required to retain longer than the approved time period on the *General Schedule*. The *General Schedule* and agency-specific retention schedule should cover all records for the Department of Military Affairs.

This retention schedule applies to state agency records and information regardless of how it is created or stored. For example, information created and sent using e-mail is as much a public record as materials created or maintained in paper. Kentucky law defines public records, in part, as "documentary materials, *regardless of physical form or characteristics*, which are prepared, owned, used, in the possession of or retained by a public agency" (KRS 171.410[1]). This means that records management standards and principles apply to all forms of recorded information, from creation to final disposition, regardless of the medium. Records retention scheduling is important in developing, using, and managing computer systems and other electronic devices. Records management practices encourage cost-effective use of electronic media through accurate retention scheduling and legal destruction of records.

**All state government employees are responsible for maintaining records according to the retention schedule, whether those records are stored electronically or in paper. Information must be accessible to the appropriate parties until all legal, fiscal, and administrative retention periods are met, regardless of the records storage medium.**

This retention schedule covers the content of records created by the Department of Military Affairs, including records created or stored using computers and computer systems. The *General Schedule for Electronic and Related Records* applies to records related to computers or a computer system. Examples of these include system documentation and use records, backup files, or website format and control records.

### **Audits and Legal Action**

Agency records may be subject to fiscal, compliance or procedural audit. If an agency should maintain records longer than the approved retention period, as may be the case with some federal audits, then all affected records should be retained until the audit has been completed and the retention period met. In no case should records that are subject to audit be destroyed until the audit has been completed and retention periods met, or the records have been officially exempt from any audit requirements.

Records may also be involved in legal or investigative actions, such as lawsuits, administrative hearings or open records matters. These records must be retained at least until all legal or

investigative matters have concluded, regardless of retention period. This includes all appeals of lawsuits.

### **Vital Records**

Vital records are essential to the continued functioning of an agency during and after an emergency. Vital records are also essential to the protection of the rights and interests of an agency and of the individuals for whose rights and interests it has a responsibility. Vital records are identified in the retention schedule with a (V).

### **Confidential Records**

While all records created, used and maintained by government agency personnel are public records, not all of those records are open to public inspection. Whether a record is open to public inspection is determined by the state's Open Records laws and other relevant state or federal statutes and regulations. Restriction of public inspection of confidential records may apply to the whole record or only to certain information contained in the record.

Kentucky's public records are considered open for public inspection unless there is some specific law or regulation that exempts them. Agency personnel who believe certain records are confidential should submit a citation from Kentucky Revised Statutes, Administrative Regulations, Code of Federal Regulations, or similar authority. **State agency heads have the responsibility to know all the appropriate confidentiality laws, statutes and regulations that apply to the records maintained by their agency and to see that those laws are enforced.** Even though a record series may or may not be marked confidential on a retention schedule, contradictory laws or regulations that are passed after the schedule has been approved must be honored.

### **Copies of Records**

Agency personnel often make copies of records for internal use or reference purposes. Agencies should designate one copy as the official copy and make sure it is retained according to the records retention schedule. Agencies can destroy all other copies when no longer useful.

### **Updating the Retention Schedule**

Per 725 KAR 1:010, the head of each state government agency is required to designate a member of his or her staff to serve as a records officer. The agency records officer represents that agency in its records-related work with the Archives and Records Management Division. The agency records officer is responsible for assisting the Archives and Records Management Division in drafting a records retention schedule, and in finding any schedule updates to bring before the Commission. The retention schedule should be reviewed on a regular basis to suggest appropriate changes to the Commission.

## **DEPARTMENT FOR MILITARY AFFAIRS**

The Department for Military Affairs was created in 1932 and is the official state agency for all military matters (KRS Chapters 36, 37, and 38), disaster and emergency services coordination in the Commonwealth (KRS Chapter 39), and veterans' bonuses (KRS Chapter 40). The Governor is the constitutional commander-in-chief of the forces which are on active duty in the state. The Governor appoints the Adjutant General, who commands the Kentucky National Guard, which consists of the Army National Guard and the Air National Guard, and directs and coordinates all programs of the Department. The Department has responsibility for organizing, equipping, training and housing units of the Kentucky National Guard, which may be called to duty by the Governor in the event of civil strife or disorder, or the occurrence of natural or man-made disasters.

The Department also has organizational units related to public affairs, disaster assistance, family assistance, Bluegrass Station, Bluegrass Challenge, human resources and military records, training, re-integration, and employer support of the Guard and Reserve.

<b>Series</b>	<b>Records Title and Description</b>	<b>Function and Use</b>
03651	<b>Kentucky Vietnam Veterans Memorial Fund, Inc.</b>	Closed series: This series documented the organization, funding, and construction of the Kentucky Vietnam Veterans Memorial. The Kentucky Vietnam Veterans Memorial Fund, Inc. was incorporated in 1984, taking over the responsibility for establishing a Vietnam Veterans Memorial from the Vietnam Veterans Leadership Program. In 1984, the Kentucky General Assembly passed a resolution for the memorial fund to "design and raise the necessary funds for a monument to those Kentuckians who fought and died in Vietnam." A national search was conducted for a design for the Memorial. The primary criterion was that the design must contain all the names of Kentuckians who died or are listed as missing in action (MIA). Helm Roberts, a Lexington, Kentucky, architect and veteran, submitted the unique sundial concept that was selected. The shadow of the sundial's gnomon falls upon the name of the deceased on the anniversary of his death. The names of the MIAs are listed in front of the gnomon where the shadow never falls. Funds for construction were provided through private donations from businesses, corporate and individual sources. The people of the Commonwealth of Kentucky donated the land on Coffee Tree Road in 1987. Upon completion, the memorial was transferred to the Commonwealth, with perpetual maintenance provided by the Memorial Fund.

01710	<b>Disaster Files - (Includes correspondence; reports; other materials related to each particular disaster)</b>	This series documents the incidents that occur within the state that are weather related, search and rescue, fires, or hazardous materials spills. The Office acts as a dispatch for the Natural Resources And Environmental Protection Cabinet, the State Fire Marshal, and the Kentucky National Guard. When a phone call reporting an incident comes in, the dispatcher makes a note of the location, checks off the type of incident, lists the name of the person reporting, and initials the information. Staff then contact the appropriate agency to respond to the report. The incident numbering begins on January 1st and is consecutive for the calendar year.

01759	<b>DD Form 214 - Certificate of Release or Discharge from Active Duty (V)</b>	This series is a certificate that documents an individual's release or discharge from active military duty. It is used to confirm that a person is eligible for educational, medical veterans' benefits, home purchases, job placement points, or bonuses. ** Dependent upon number of requests for confirmation of eligibility. NOTE: Some of the certificates are from regular armed services records, which are federal records. Kentucky Army and Air National Guard personnel receive the form if they are called up to active military duty then released back to the Kentucky National Guard. NOTE: For the period 1940 - 1989, hard copy files were transferred to the State Archives Center because a few of the certificates were illegible on the microfilm, due to the poor quality of the original.
	<b>Access Restrictions</b>	Federal Privacy Act
	<b>Contents</b>	Series contains: name; grade rank; department; social security number; pay grade; date of birth; last date stationed; command to which transferred; specialty number; record of service; date entered; military education; decorations/citations; remarks; signature; type of character of separation (honorable); address after separation
	<b>Retention and Disposition</b>	Retain permanently in agency. Transfer hard copy records to the State Archives Center for permanent retention after filming, only if film images are illegible due to poor quality of original
01763	<b>Army National Guard Technician Personnel Folders</b>	Closed Series: This series documented the work history of civilian personnel hired by the military prior to 1969. After 1969, the positions were classified as state employees and the personnel records are now maintained by the Kentucky Personnel Cabinet. If a person entered the state workforce, a notation of the most recent job action was noted and a new folder begun.
	<b>Access Restrictions</b>	None
	<b>Contents</b>	Series may contain: appointment letters; applications; duty assignments; job classification; performance evaluations; salary changes; travel/leave papers; course assignment papers; correspondence

<b>Series</b>	<b>Records Title and Description</b>	<b>Function and Use</b>
<b>03810</b>	<b>Kentucky Vietnam Veterans Bonus File</b>	<p>Closed Series: This series documented claims by Kentucky veterans of the Vietnam War for a one time money bonus. To qualify for the bonus, veterans must have been residents of Kentucky six months prior to entering the service. Kentuckians who served for more than ninety days in Southeast Asia, from 1958 to 1975, or elsewhere, from 1964 to 1975, were eligible to apply for the bonus. Those veterans who served in Southeast Asia received \$25 for each month of service, for a maximum of \$500. Those veterans who were stationed elsewhere received \$15 for each month of service, for a maximum of \$300. Widows and children of veterans also were eligible to apply. The Veterans' Bonus Branch, which was created in 1989 to administer the bonus, processed more than 99,000 claims, 86,782 of which were paid. It was closed in 1990, after all claims were processed. At that time all records documenting the program were transferred to the Military Records and Research Library. (The money for the bonus came from Kentucky Lottery Corporation revenues.) The file was previously scheduled as permanent; however, legislative intent is satisfied by the permanent retention of DD-214s, the formal discharge document (01759), and the Veterans Applications Bonus System (03811). Note: 70 cubic feet of these records were destroyed as a result of the 1997 flood, which prompted the reexamination of the entire series and its subsequent destruction.</p> <p><b>Access Restrictions</b> None</p> <p><b>Contents</b> Series contains: application form; Form DD-214 - discharge or separation from active duty (01759); Form 1300 - casualty (01750); correspondence; proof of residency; letter of rejection; appeal information</p> <p><b>Retention and Disposition</b> Destroy five years after all bonus payments have been awarded, and audit</p>
<b>03811</b>	<b>Veterans Applications Bonus System - (VBAPS) - (Electronic)</b>	<p>Closed series: This series is an electronic system used to facilitate the verification of applications and claims for the Kentucky Vietnam Veterans Bonus. Information was input into the system from the application form, Form DD214 - Discharge or Separations (01759), and Form 1300 - Casualty (01750). The system calculated the payment amount according to time served in Southeast Asia and elsewhere. It is the only place where the payment amount is noted. Payment amounts were not noted in the hard copy file, Kentucky Vietnam Veterans Bonus - (03810). * Dependent on number of claim appeals. After the last claim is processed, information from the system will be loaded onto floppy disks for use with a personal computer operated by the Military Records and Research Library.</p> <p><b>Access Restrictions</b> None</p> <p><b>Contents</b> See attachment</p> <p><b>Retention and Disposition</b> Retain permanently in agency</p>
