Working with Family and Youth Resource Centers

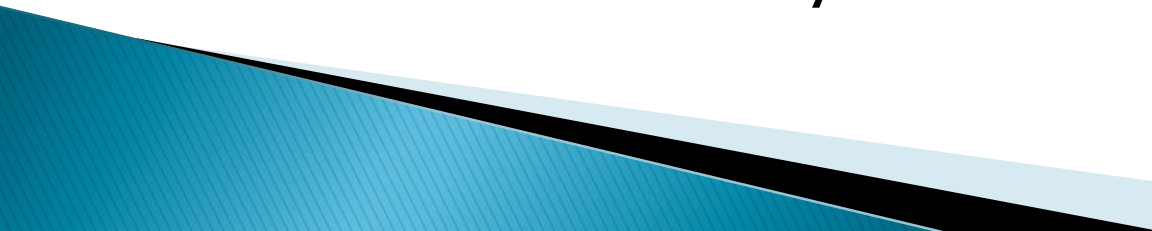

Elizabeth Crawford

Youth Services Supervisor, Boyd County Public Library

How are services has changed

- ▶ More outreach
 - ▶ Pushing online resources such as Tumblebooks, TrueFlix, BookFlix and databases
 - ▶ Ordering books to fit the needs (school projects, special interest, whole class reading the same book)
 - ▶ More money spent on printing materials
 - ▶ More conversation and communication between us and the public schools (main goal!)
- 

How we want to move forward

- ▶ Continue outreach to the centers that have preschools.
 - ▶ Use them as our entryway into schools we still can't get in.
 - ▶ Invite them to a round table meeting at our public library to discuss what they still would like to see us do for students across Boyd County.
 - ▶ Create a monthly newsletter specifically for FYRC Directors, teachers, school librarians and principals with their input on items to include.
 - ▶ Become a partner in education with the FYRC and schools across the county.

First Question: Why?

There are many barriers for a child in the learning environment.

Many are beyond our help or control.

We can help with underwear.

Second question: Why?

Libraries and schools seem like a natural fit. They aren't.

Third question: Why?

Because we need the publicity.
(And we don't go viral like grumpy cats.)

Is there really a need?

Some of our schools give out 10 pairs of underwear a day.

One school had given out its last pair of new underwear the day that I dropped off its allotment from our last campaign....with five months of school to go.

More kids than you'd believe have no idea where they will be sleeping tonight.

(So...um...yes.)

But how did it come to this?

Because
of this woman ↴

Will it be successful?

It's sort of like that starfish.

But....

- One local manufacturer donated \$100...which bought about 80 pairs of underwear.
- One lady bought 185 pairs of underwear...because her granddaughter suffered with a bladder problem that had to be medically corrected.
- One local Montessori made collection a school-wide project.
- One local charitable group made Drop Your Drawers their giving campaign and collected enough funds for 372 pairs of underwear.
- Leadership Northern Kentucky made Drop Your Drawers their class giving project.
- And I'm getting to talk to you and you (hopefully) are concerned about the problem and will help eliminate it.

And....

27,000 is a pretty good number.

Our own number was about 6900.

So...6900 divided by 14 elementary schools equals about 500 pairs for each school.

So...how do I get on board?

And will I get cool stuff?

Yes!

Drop Your Drawers @ the Library

WHAT

Drop Your Drawers is a campaign asking for donations of packages of new underwear for children in all public elementary schools in Campbell County. New packages of boys and girls underwear in sizes 4-16 are desperately at local elementary schools.

WHY

The donations will help replenish the schools' supplies of emergency underpants and provide direct assistance to families affiliated with each school's Family Resource Centers. The need is great. Children who have accidents at school miss learning time in the classroom as parents often are unable to bring fresh underwear to their children during school hours. Schools are handing out 30-80 pair of underwear a month!

STICKERS!!

(Okay. It's really just one sticker...but you could have a lot printed and then it would be STICKERS!)

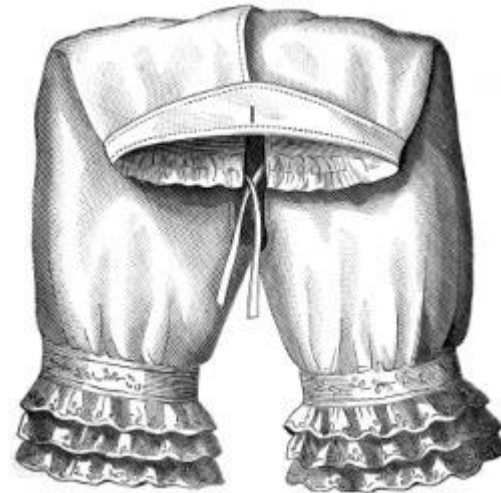

What if we don't like the name?

**Hi,
I don't care.
Thanks.**

Just use a different name...

Need Your Knickers, for example.

(My wife
Came up
with that
one.)

And...even better...

Kids will have underwear.

Clean underwear.

Underwear that fits.

Replacement underwear for accidents.

Because having underwear...admittedly...is a good thing.

Thanks, Bro
