# INTRODUCTION

The Statistical Report of Kentucky Public Libraries, Fiscal Year 2013-2014 contains information taken from the Annual Report of Public Libraries. The statistical report is separated into seven sections:

- **A summary of library statistics for the most recent year, and comparisons with the three prior years.**
- **A series of charts listing the top counties in various per capita library measures.**
- **County by county library statistics in 92 categories. Item # 89, Annual Wireless Sessions, is added to the report this year. This is a new data element. Many counties were unable to report this in the first year.**
- **A select group of statistics arranged in order of county population. Counties are also ranked in the selected statistics section. Annual Wireless Sessions is newly added in this section.**
- **A glossary of terms used.**
- **A special section of statistics, including county ranks, is offered again this year. Please check out these interesting ways to measure your library, on pages 68 to 79.**
- **A revised list of recommended links to web sites devoted to public library statistics is on page 80.**

## GLOSSARY

- **Children's Program Attendance**  
The count of the audience at all programs for which the primary audience is children 11 years and under. Includes adults who attend programs intended primarily for children.
- **Circulation**  
Materials in all formats that are charged out for use outside the library, including renewals.
- **Circulation of Electronic Materials**  
Electronic Materials are materials that are distributed digitally and can be accessed via a computer, the Internet, or a portable device such as an e-book reader. Types of electronic materials include e-books and downloadable electronic video and audio files.
- **Electronic Books (E-Books)**  
These are digital documents (including those digitized by the library), licensed or not, where searchable text is prevalent, and which can be seen in analogy to a printed book (monograph). Includes non-serial government documents. E-books are loaned to users on portable devices (e-book readers) or by transmitting the contents to the user's personal computer for a limited time
- **FTE (Full Time Equivalent)**  
To ensure comparable national data use the following calculation for budgeted positions:  
  
*Hours worked by employees in a position / 40*
- **General Operating Expenditures**  
Library costs including supplies, rent, fees, building maintenance, postage, etc.
- **Intellectual Freedom Incidents**  
The number of challenged works.
- **Local Government Revenue**  
All local government funds designated by the community, district, or region and available for expenditure by the public library. Does not include the value of any contributed or in-kind services, or the value of any gifts and donations, library fines, fees or grants.
- **Material Circulated, Central Library**  
Total material circulated in central library only.
- **Material Circulation Per Capita**  
Sum of all material circulated for the central library, branches, and bookmobiles, divided by population.
- **Other Operating Revenue**  
This is all operating revenue other than that reported under local, state, and federal.
- **People Entering Library**  
Attendance. The total number of persons entering the library for whatever purpose during the year.

## GLOSSARY

## WEB LINKS TO PUBLIC LIBRARY STATISTICS AND RESOURCES

### **Kentucky Department for Libraries and Archives “Public Library Statistics” --**

<http://kdla.ky.gov/librarians/plssd/Pages/LibraryStatistics.aspx>

This section of the KDLA web site contains links to the Statistical Report of Kentucky Public Libraries, library comparisons, and other library statistical resources.

### **Informata Connect -- <http://connect.informata.com>**

Connect is a powerful, easy to use online statistical tool for creating tables and graphs comparing libraries throughout the country. Connect is licensed to all Kentucky public libraries, their staff and trustees. You will need a login and password to use the program. Internet Explorer browser only.

### **Kentucky State Data Center -- <http://ksdc.louisville.edu/>**

This site is an essential resource for demographic information about Kentucky and its counties.

### **American Library Association, Office for Research and Statistics -- <http://www.ala.org/offices/ors/>**

ORS offers a wide range of information and links to studies of all types of libraries.

### **Library Research Service -- <http://www.lrs.org/>**

“The Library Research Service generates library statistics and research for library and education professionals, public officials, and the media. LRS reports and analyzes statistics on school, public, and academic libraries, and conducts studies on major library issues that are reported in the Fast Facts and Closer Look series.” Links to ROI calculators. LRS is a highly recommended site with local, national and states’ resources.

### **Institute of Museum and Library Services – Library Statistics --**

<http://www.ims.gov/research/public-libraries-in-the-united-states-survey.aspx>

Beginning in 2008 the Institute of Museum and Library Services (IMLS) administers two library surveys previously conducted by the National Center for Education Statistics (NCES). The Kentucky Department for Libraries and Archives provides input for both the Public Library Survey and the State Library Administrative Agency Survey.
