INTRODUCTION

The Statistical Report of Kentucky Public Libraries, Fiscal Year 2017-2018 contains information taken from the Annual Report of Public Libraries. The statistical report is divided into seven sections:

- **A summary of library statistics for the most recent year, and comparisons with the three prior years.**

- **County by county library statistics in 94 categories. Two items are added to the report this year: #90, Number of Website Visits, and #94, Does the Library have a Friends Group. Also, Corbin Public Library statistics are now included in the report.**
- **A select group of statistics arranged in order of county population. Counties are also ranked in the selected statistics section.**
- **A glossary of terms used.**
- **A special section of statistics, including county ranks, is offered again this year. Check out these interesting ways to measure your library, on pages 76 to 87.**
- **A revised list of recommended links to web sites devoted to public library statistics is on page 88.**
