## INTRODUCTION

The *Statistical Report of Kentucky Public Libraries, Fiscal Year 2019-2020* contains information taken from the Annual Report of Public Libraries.

### Reporting Library Information in the Time of COVID-19

The Statistical Report is changed this year. Three sections are no longer included. A new section is added.

The selected statistics, special statistics, and top ten pages ranked libraries by values, per capita calculations, or other service measures. The significance of ranking libraries this year is diminished due to the wide range of weeks open and services offered as libraries reacted to the pandemic. These ranks are more likely to reflect closures or limited occupancy than be a basis for good comparison. These three sections will be absent from this report and the FY 2020-2021 report.

A new section, COVID-19 Related Information, tracks responses to a series of questions the Public Library Survey (IMLS) has asked all states to collect.

Four items are added to the report this year:

- #92 -- Weeks of Limited Occupancy, Main Library
- #93 -- Number of Weeks Closed, Main Library
- #95 -- Total Items Circulated per Week Open, Main Library
- #96 -- People Entering Library per Week Open, Main Library

Please forward your comments or ideas for making the *Statistical Report* a more user-friendly tool. I can also forward the data spreadsheet upon request. Address e-mail to [jay.bank@ky.gov](mailto:jay.bank@ky.gov) or send correspondence to:
